bnoe P2

Brief Introduction Beta 2.5	The P2 LED LCD has 1800 Ansi lumens and an HDTV 1920 x 1080 resolution. Thanks to the LEDs, the service life is 30,000 hours, which would be over 20.5 years if viewed for 4 hours a day. An image width of up to 431 cm is possible because the projector has 1800 ANSI lumens. However, if there is room lighting, the image should be no more than 287 cm wide. Google TV turns the projector into a versatile media hub that can be seamlessly integrated into a smart home. The model recognizes Chromecast, Airplay, and Miracast screen mirroring signals, making it possible to play high-resolution videos with surround sound directly via Wi-Fi from a smartphone, tablet, or PC (Android, Windows, and iOS). In addition, thanks to the Bluetooth function, the projector can be flexibly paired with other speakers. It is also compatible with Full HD 1080P and 4K (compressed).
Display Type	1 x LCD Panel HDTV 16/9 Liquid Crystal Display
Ansi-Lumen	Projector: 1800 / Screen: 800 Lux (200 cm Screen width)
