

Epson USA BrightLink 697Ui

EPSON USA BRIGHTLINK 697Ui

With the BrightLink 697Ui, manufacturer Epson USA offers a whiteboard LCD projector with WUXGA 1920 x 1200 resolution and a contrast of 16000:1. The manufacturer specifies a lamp life of 10000 hours, which equates to over 13.7 years at 2 hours per day. The integrated media player allows files to be played directly. A built-in horizontal and vertical keystone correction provides freedom when positioning the projector. The projector is equipped with a microphone jack plug and 16W speakers, so no additional speakers are required for presentations or training courses. The projector can illuminate images up to 674 cm wide thanks to its 4400 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 449 cm. The projector also offers a whiteboard function that makes training and presentation rooms interactive. The HDMI MHL (Mobile High-Definition Link) port allows 1080p / 60 Hz image mirroring (screen mirroring) to be transmitted from a smartphone while it is being charged at the same time via the connection. Furthermore, the projector can play 1080P without any problems. This model is no longer offered by Epson USA, but is still a popular projector in our database.

	3 x 0,67" D10 LCD TFT Panel mit MLA
	WUXGA 16/9 Liquid Crystal Display with Micro Lense Array
