

Epson USA PowerLite G5150/N/L

EPSON USA POWERLITE G5150/N/L

The PowerLite G5150/N/L LCD has 4000 Ansi-Lumen, a contrast of 1000:1 and an XGA 1024 x 768 resolution. The projector is equipped with an integrated media player, so direct playback of files will not be a problem. The projector also offers a lens shift function, which makes image adjustment child's play. Thanks to the brightness of 4000 Ansi lumens, a picture width of 551 cm is possible. The projector can also handle slightly brighter rooms with a smaller image width (we recommend max. 367 cm). The projector was launched in 2008 and is no longer sold by the manufacturer.
