

aao YG481

A A O Y G 4 8 1

The aao YG481 LED DLP projector has 320 ANSI lumens, a contrast ratio of 5000:1 and HDTV 1920 x 1080 resolution. The manufacturer specifies an LED lifespan of 50,000 hours, which would be over 34.2 years with 4 hours of viewing per day. Including an integrated media player, with which files can be played directly. 182 cm image width, the projector will be able to illuminate well. If room light is available, however, the image width should not exceed 121 cm. Since the projector recognises Screen Mirroring signals, it is possible to play videos with high resolution and surround sound directly from a smartphone, tablet, PC (Android, Windows and iOS) via WLAN. In addition, the Bluetooth option is a useful addition for the projector, especially for wireless audio transmission. Furthermore, it is Full HD 1080P compatible.
