

aao YG551

A A O Y G 5 5 1

Brief introduction of the aao YG551. The standard portable LCD LED projector has a HDTV 1920 x 1080 resolution and 600 Ansi-Lumen. Due to the LEDs, the projector has a light lifetime of up to 30000 hours, which would be over 20.5 years at 4 hours daily. The brightness of 600 ANSI lumens makes a picture width of 249 cm possible. In room light, the picture should be a maximum of 166 cm wide. The model recognises Airplay, Miracast Screen Mirroring signals, so it is possible to play videos with high resolution and surround sound directly from a smartphone, tablet or PC (Android, Windows and iOS) via WLAN. Another extra feature is the Bluetooth function, which allows the projector to be connected to external wireless speakers. Furthermore, the projector can play 1080P without any problems.
