

AAXA P300 Neo Smart

EAN/UPC:862334000442

A brief introduction to the P300 Neo Smart: The AAXA LED projector offers 400 Ansi lumens, a contrast of 1000:1 and HDTV 1280 x 720 resolution. The manufacturer claims an LED service life of 30,000 hours, which is over 20.5 years if enjoyed for four hours a day. The projector is equipped with an integrated media player, so direct playback of files will not be a problem. An image width of up to 203 cm is possible as the projector has 400 Ansi lumens. However, if room light is available, the picture should be max. 135 cm wide. Thanks to the built-in rechargeable battery, which lasts up to 90 minutes, no power supply is required, allowing the projector to be set up quickly and flexibly. The model is also Full HD 1080P compatible. The projector was launched in 2019 and is no longer sold by the manufacturer, but is still very popular in our projector database.
