

AAXA P6 Ultimate

AAXA P6 ULTIMATE

The Micro-Portabel P6 Ultimate LED DLP has 1100 Ansi-Lumen, a contrast of 2000:1 and a WXGA 1280 x 800 resolution. The manufacturer AAXA specifies a service life of 30,000 hours, which is over 20.5 years with a daily viewing time of 4 hours. Includes an integrated media player that can be used to play files directly. The projector can illuminate a picture width of up to 337 cm thanks to its 1100 Ansi lumens. In room lighting, however, the image width should ideally be less than 225 cm. The rechargeable projector is not dependent on a direct power source and can therefore be set up very quickly, freely and spontaneously. As the projector recognizes screen mirroring signals, it is possible to play videos with a high resolution and surround sound directly from a smartphone, tablet, PC (Android, Windows and iOS) via WLAN. It is also compatible with Full HD 1080P and 4K (compressed). At just 30 decibels, the device is one of the quieter projectors.

Brief Introduction Beta 2.5
