

Acer P1160BTi

ACER P1160BTi

A brief introduction to the Acer P1160BTi. The standard portable DLP projector has an SVGA 800 x 600 resolution and a contrast of 20000:1. The manufacturer Acer specifies the lamp life as 10000 hours, which is over 13.7 years if enjoyed for two hours a day. The horizontal and vertical keystone correction provides leeway when setting up. Thanks to the brightness of 4000 Ansi lumens, a picture width of 551 cm is possible. The projector can also handle slightly brighter rooms with a narrower picture width (we recommend max. 367 cm). Furthermore, the projector can play 1080P without any problems. At just 29 decibels, the device is one of the quieter projectors. This model is no longer offered by Acer.
