

Acer P1557i

ACER P1557i

The standard portable P1557i 3D DLP has 4500 Ansi lumens, a contrast of 10000:1 and an HDTV 1920 x 1080 resolution. The lamp in the projector is specified with a lamp life of 10000 hours, which is over 13.7 years with a daily viewing time of 2 hours. The ambient light sensor allows the projector to automatically optimize the projected image. 4500 Ansi lumens ensure that an image width of 682 cm is also possible. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 455 cm. The model is also Full HD 1080P and 3D compatible. This model is no longer offered by Acer.
