The Acer PV11a BT Game-Portable LED DLP projector has 100 Ansi-Lumen, a contrast of 1000:1 and a WVGA 854 x 480 resolution. Due to the LEDs, the projector is specified with 20000 hours of light life, which is over 13.7 years with a daily viewing time of 4 hours. Horizontal and vertical keystone correction makes setting up the picture childs play. A picture width of up to 102 cm is possible. However, the picture should be smaller in room light. We recommend max. 68 cm. Thanks to the built-in 5200mAh battery, no power supply is required, allowing the projector to be set up quickly and flexibly. The model is also Full HD 1080P compatible.

1 x DLP Chip
WVGA 16/9 Ti Digital Light Processing Chip
