

Acer UL6500

ACER
UL6500

The Acer UL6500 short-throw 3D laser BrilliantColor DLP projector has 5500 Ansi lumens, a contrast of 20000:1 and an HDTV 1920 x 1080 resolution. The manufacturer specifies a laser service life of 20000 hours, which converts to over 13.7 years at 4 hours per day. As the projector has horizontal and vertical keystone correction, the projector can be set up with plenty of free space in the room. This projector has a projection ratio of just 0.23:1. For a 2 m wide image, the projector only needs to be 46 cm away from the screen. The model is also Full HD 1080P and 3D compatible. The projector is very quiet compared to others with an operating noise of 30 decibels. It was launched in 2019 and is no longer offered by the manufacturer Acer, but is still a very popular projector.
