

Acer X1325Wi

ACER X1325Wi

Brief Introduction Beta 2.5

A brief introduction to the X1325Wi: The Acer 3D DLP projector offers 3600 Ansi lumens, a contrast of 20000:1 and a WXGA 1280 x 800 resolution. The manufacturer Acer specifies a lamp life of 15000 hours, which is over 20.5 years if enjoyed for two hours every day. Horizontal and vertical keystone correction makes setting up the picture childs play. An image width of up to 610 cm is possible as the projector has 3600 Ansi lumens. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 407 cm. Video signals 1080P and 3D are also no problem for the projector. With only 29 decibels of operating noise, the model is already very quiet compared to others. On the market since 2019, the model is no longer offered by the manufacturer Acer.
