

Acer XL2220

ACER XL2220

Brief Introduction

Beta 2.5

The Acer XL2220 3D laser DLP projector has 3500 Ansi lumens, a contrast of 2000000:1 and an XGA 1024 x 768 resolution. The manufacturer Acer specifies a service life of 20000 hours, which is over 13.7 years with a daily viewing time of 4 hours. The horizontal and vertical keystone correction provides leeway when setting up. The projector can illuminate an image width of up to 515 cm thanks to its 3500 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 343 cm. Furthermore, the projector can play 1080P and 3D without any problems and can even project Blu-rays onto the ceiling thanks to 360° projection. It was launched in 2023 and is no longer offered by the manufacturer Acer.

Display Type

1 x 0,55" DC3 DMD DLP Chip
XGA 4/3 Ti Digital Light Processing Chip

Ansi-Lumen
