

Aiptek MobileCinema A50P

AIPTTEK MOBILECINEMA A50P

A brief introduction to the Aiptek MobileCinema A50P. The game-portable DLP LED projector has a VGA 640 x 480 resolution and a contrast of 1000:1. Due to the LEDs, the service life is 20000 hours, which is over 13.7 years if enjoyed for four hours a day. Thanks to the built-in 1850 mAh Li-polymer battery, no power supply is required, allowing the projector to be set up quickly and flexibly. A smartphone with MHL connection can be connected directly to the MHL/HDMI port and transmit a 1080p / 60 Hz image mirroring (screen mirroring) while the smartphone is being charged at the same time. The model was built by Aiptek in 2012 and is no longer current, but is still one of the very popular projectors.

Brief Introduction

Beta 2.5

Display Type

1 x DLP Chip
VGA 4/3 Ti Digital Light Processing Chip

Ansi-Lumen

Projector 50

Screen 17 Lux (bei 200 cm Screen)

Contrast
