

AKATUO Smart Mini Beamer

Brief introduction to the AKATUO Smart Mini Beamer. The portable LCD LED projector has HDTV 1280 x 720 resolution and 300 ANSI lumens. Manufacturer AKATUO specifies a service life of 30,000 hours, which would be over 20.5 years if viewed for 4 hours a day. A picture width of up to 176 cm is possible, as the projector has 300 ANSI lumens. However, if there is ambient light in the room, the picture should be no wider than 117 cm. Since the projector recognizes Airplay and Miracast screen mirroring signals, it is possible to play videos with high resolution and surround sound directly from a smartphone, tablet, or PC (Android, Windows, and iOS) via Wi-Fi. In addition, the Bluetooth capability is a useful addition to the projector, especially for wireless audio transmission. The model is also compatible with Full HD 1080P and 4K (compressed).

Brief Introduction

Beta 2.5

Display Type

1 x LCD Panel
HDTV 16/9 Liquid Crystal Display

Ansi-Lumen

300

133 Lux (200 cm Screen width)
