

# Aopen QH12a

AOPEN QH12A

The Aopen model QH12a is an LCD LED projector with HDTV 1280 x 720 resolution and a contrast of 1000:1. The manufacturer Aopen specifies a service life of 30,000 hours, which is over 20.5 years if enjoyed for four hours a day. Horizontal and vertical keystone correction makes setting up the image childs play. 135 Ansi lumens ensure that a picture width of 118 cm is also possible. However, if room light is available, the picture should be a maximum of 79 cm wide. As the projector optionally recognizes Airplay, Miracast Screen Mirroring signals, it is possible to play videos with a high resolution and surround sound directly from a smartphone, tablet, PC (Android, Windows and iOS) via WLAN. The model is also Full HD 1080P compatible and can therefore project Blu-rays even onto the ceiling using 360° projection.
