

Aquota HY260 Pro

AQUOTA HY260 PRO

Brief introduction to the Aquota HY310. The short-throw LCD LED projector has HDTV 1920 x 1080 resolution and a contrast ratio of 10000:1. Thanks to the LEDs, the projector has a specified light life of 30,000 hours, which equates to over 20.5 years at 4 hours per day. With a projection ratio of only 0.8:1, this projector never gets in the way. For a 2m wide image, the projector only needs to be 160 cm away from the screen. Since the projector recognizes Airplay and Miracast screen mirroring signals, it is possible to play videos with high resolution and surround sound directly from a smartphone, tablet, or PC (Android, Windows, and iOS) via Wi-Fi. In addition, the Bluetooth capability is a useful addition to the projector, especially for wireless audio transmission. The model is also compatible with Full HD 1080P and 4K (compressed). The operating noise of only 25 decibels makes the projection quiet.
