

ASK Proxima E3855

ASK PROXIMA E3855

Brief Introduction

Beta 2.5

The ASK Proxima E3855 DLP projector has 8500 Ansi lumens, a contrast of 6000:1 and an XGA 1024 x 768 resolution. With the lens shift function, the projector can be positioned very freely. An image width of up to 803 cm is possible as the projector has 8500 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 535 cm. If the image width is not sufficient, the projector offers integrated edge blending software, which allows several projectors to project a large image together. Even 1080P video signals are no problem for the projector. Even projection onto the ceiling is possible thanks to the 360° projection. It was launched on the market in 2013 and is no longer offered by the manufacturer ASK Proxima.

Display Type

1 x 0,7" Chip DLP
XGA 4/3 Ti Digital Light Processing Chip
