

Asus ZenBeam E1

ASUS ZENBEAM E1

Brief Introduction

Beta 2.5

The ZenBeam E1 LED DLP has 150 Ansi lumens, a contrast of 800:1 and a WVGA 854 x 480 resolution. Due to the LEDs, the projector is specified with 30000 hours of light life, which is over 20.5 years if enjoyed for four hours a day. A picture width of up to 124 cm is possible. However, the picture should be smaller in room light. We recommend max. 83 cm. With the HDMI MHL port, the smartphone image can be transmitted to the projector in Full HD at 60 Hz by screen mirroring and the smartphone is charged at the same time.
