

Aurzen EAZZE D1 MAX

AURZEN EAZZE D1 MAX

The Aurzen EAZZE D1 MAX LED LCD projector has 1000 ANSI lumens, a contrast ratio of 1500:1, and HDTV 1920 x 1080 resolution. It is an LED projector with a light life of 30,000 hours, which equates to over 20.5 years of enjoyment at four hours per day. As the projector has horizontal and vertical keystone correction, it can be set up with plenty of space in the room. The brightness of 1000 ANSI lumens allows for an image width of 321 cm. In room lighting, the image should be a maximum of 214 cm wide. Google TV turns the projector into a versatile media hub that can be seamlessly integrated into a smart home. The projector has screen mirroring support, which allows high-resolution videos and surround sound to be played directly from smartphones, tablets, and PCs running Android, Windows, or iOS via Wi-Fi. In addition, the Bluetooth capability is a useful addition to the projector, especially for wireless audio transmission. The model is also Full HD 1080P and 4K (compressed) compatible.
