

Barco CineVersum 60

With the CineVersum 60, manufacturer Barco offers a home cinema DLP projector with WPAL 1024 x 576 resolution and a contrast of 2000:1. Including a lens shift function, which provides freedom during installation. Thanks to the brightness of 900 Ansi lumens, a picture width of 305 cm is possible. In room light, the picture should be max. 203 cm wide. With only 30 decibels of operating noise, the model is already very quiet compared to others. The projector is no longer sold by the manufacturer. It should also be noted that there are unfortunately no longer any replacement lamps available for the projector, neither originals nor replicas.

Brief Introduction

Beta 2.5

Display Type

1 x 0,8" DLP Chip
WPAL 16/9 Ti Digital Light Processing Chip
