

Barco IQ Pro G300

BARCO IQ PRO G300

A brief introduction to the IQ Pro G300: The Barco stationary LCD projector offers 3500 Ansi lumens, a contrast of 400:1 and an XGA 1024 x 768 resolution. The built-in lens shift function provides freedom for projection adjustment. An image width of up to 515 cm is possible, if the image width is smaller (we recommend max. 343 cm), rooms with residual light are also no problem. This model is no longer offered by Barco.
