The PGXG-61B 3D DLP has 6750 Ansi lumens, a contrast of 4400:1 and an XGA 1024 x 768 resolution. The projector also offers a lens shift function that makes image adjustment childs play. An image width of up to 715 cm is possible as the projector has 6750 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 477 cm. Playing 1080P and 3D is also no problem for the projector. It was launched in 2013 and is no longer offered by the manufacturer Barco.
