The Benq MW612 model is a DLP projector with WXGA 1280 x 800 resolution and a contrast of 20000:1. The lamp life is specified by the manufacturer as 10000 hours, which converts to over 13.7 years at 2 hours per day. 4000 Ansi lumens ensure that a picture width of 643 cm is also possible. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 429 cm. It is also Full HD 1080P and 3D compatible. The model built in 2018 is no longer offered by Benq.
