

# Benq MW864UST

BENQ MW864UST

The Benq MW864UST 3D BrilliantColor DLP projector has 3300 Ansi lumens, a contrast of 13000:1 and a WXGA 1280 x 800 resolution. A built-in horizontal and vertical keystone correction provides freedom when positioning the projector. An image width of up to 584 cm is possible as the projector has 3300 Ansi lumens. However, if room light is available, the image should be max. 389 cm wide. The projector also offers a whiteboard function that makes training and presentation rooms interactive. The HDMI MHL (Mobile High-Definition Link) port allows 1080p / 60 Hz image mirroring (screen mirroring) to be transmitted from a smartphone while it is being charged at the same time via the connection. Playing 1080P and 3D is also no problem for the projector. This model is no longer offered by Benq, but is still very popular in our projector database.
