

Benq MX720

BENQ MX720

A brief introduction to the Benq MX720. The standard portable DLP projector has an XGA 1024 x 768 resolution and a contrast of 13000:1. The manufacturer Benq specifies a service life of 3500 hours, which is over 4.8 years if enjoyed for two hours a day. The projector can illuminate a screen width of up to 515 cm thanks to its 3500 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 343 cm. The projector can also play 1080P without any problems. The projector was launched in 2013 and is no longer sold by the manufacturer.
