

Benq SH753+

BENQ SH753+

The Benq SH753+ standard portable 3D DLP projector has 5000 Ansi lumens, a contrast of 13000:1 and an HDTV 1920 x 1080 resolution. Thanks to the horizontal and vertical keystone correction, the projector can be positioned very freely. The model offers a microphone jack plug and 10W speakers, so no additional audio devices are required for presentations or training courses. 5000 Ansi lumens ensure that a picture width of 718 cm is also possible. The projector manages rooms with residual light with a smaller image width, we recommend a maximum of 479 cm. Video signals 1080P and 3D are also no problem for the projector. It was launched in 2021 and is no longer offered by the manufacturer Benq.

1 x DLP Chip
HDTV 16/9 Ti Digital Light Processing Chip

Projector	5000	Screen	2222 Lux (200 cm Screen width)
