

Benq W1100

BENQ W1100

The W1100 BrilliantColor DLP projector from Benq has 2000 Ansi lumens, a contrast of 4500:1 and an HDTV 1920 x 1080 resolution. 2000 Ansi lumens ensure that a picture width of 454 cm is also possible. However, if room light is available, the picture should be max. 303 cm wide. Playing 1080P is also no problem for the projector. At 27 decibels, the projector is very quiet compared to other projectors. The projector was launched in 2011 and is no longer sold by the manufacturer, but is still very popular in our projector database. It should also be noted that, unfortunately, there are no more replacement lamps for the projector, neither originals nor replicas.

Brief Introduction

Beta 2.5

Display Type
