

Benq W1200

BENQ W1200

The home cinema W1200 3D BrilliantColor DLP projector from Benq has 1800 Ansi-Lumen, a contrast of 5000:1 and a HDTV 1920 x 1080 resolution. The projector can illuminate a picture width of 431 cm well. If room lighting is available, however, the picture width should ideally not exceed 287 cm. Even 1080P video signals are no problem for the projector. At just 27 decibels, the device is one of the quieter projectors. On the market since 2011, the model is no longer offered by the manufacturer Benq, but is still very popular in our projector database. It should also be noted that, unfortunately, there are no longer any replacement lamps available for the projector, neither originals nor replicas.

 1 x DLP Chip
HDTV 16/9 Ti Digital Light Processing Chip

Projector	1800	Screen	800 Lux (200 cm Screen width)
	5000:1 full on/off		5000:1 full on/off
