

Benq W6000

BENQ W6000

A brief introduction to the W6000: The Benq High-End Homecinema BrilliantColor DLP projector offers 2500 Ansi-Lumen, a contrast of 50000:1 and a HDTV 1920 x 1080 resolution. Including a lens shift function, which provides freedom during installation. 2500 Ansi lumens ensure that a picture width of 508 cm is also possible. However, if room light is available, the picture should be a maximum of 339 cm wide. Furthermore, the projector can play 1080P without any problems. The model built in 2009 is no longer offered by Benq, but is still a popular projector in our database. Unfortunately, we can no longer offer a replacement lamp for this model, neither original nor replica.
