Blade Cine Cube 600

EAN/UPC:850067089322

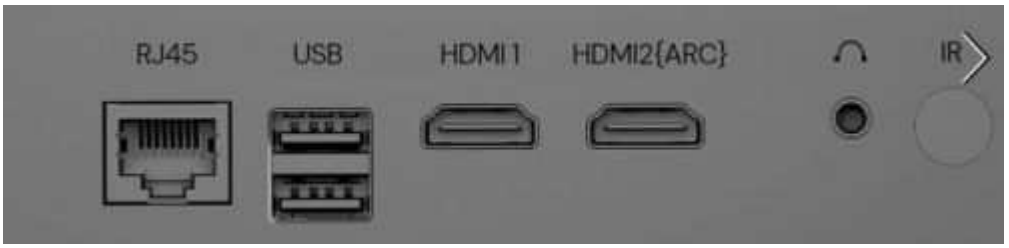

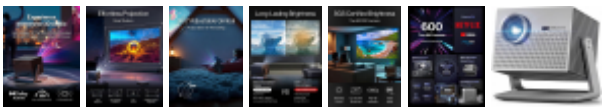

The Standard Portable Cube 600 LED LCD Projector from Blade Cine has 750 ANSI -lumen, a contrast ratio of 2000:1, and an HDTV resolution of 1920 x 1080. The manufacturer, Blade Cine, specifies a lifespan of 30,000 hours, which would amount to over 20.5 years based on 4 hours of daily use. Since the projector features horizontal and vertical keystone correction, it can be set up with plenty of space in the room . Since Blade Cine specifies the projector?s brightness in lumens, we?ve calculated an approximate ANSI lumen value for this model. With its 750 ANSI lumens, the projector can adequately illuminate a screen width of up to 278 cm. However, in room lighting conditions, the screen width should ideally be less than 185 cm. The projector supports AirPlay and Miracast screen mirroring, which allows for the direct streaming of high-resolution videos and surround sound via Wi-Fi from smartphones, tablets, and PCs running Android, Windows, or iOS. Playing 1080p and 4K (compressed) is no problem for the projector. At just 26 decibels, the device is among the quieter projectors.

Brief Introduction		
Beta 2.5		
Display Type	1 x LCD Panel HDTV 16/9 Liquid Crystal Display
