

Boxlight N12 LNU

Brief Introduction

Beta 2.5

The Boxlight model N12 LNU is a DLP laser projector with HDTV 1920 x 720 resolution and a contrast of 10000:1. Due to the laser, the projector is specified with 20000 hours of light life, which is over 13.7 years with a daily viewing time of 4 hours. As it is a short-throw projector, the projector can be placed very close to the wall. For a 2 m wide image, the projector only needs to be 50 cm away from the screen. The projector is equipped with a microphone jack plug and 10W speakers, so no additional speakers are required for presentations or training sessions. The model built in 2016 is no longer offered by Boxlight.
