

Brilens TH1280

BRILENS TH1280

Brief Introduction

Beta 2.5

The standard portable TH1280 3D LED DLP projector from Brilens has 168 Ansi lumens, a contrast of 20000:1 and a WXGA 1280 x 800 resolution. Thanks to the LEDs, the projector has a light life of up to 30,000 hours, which is equivalent to over 20.5 years at 4 hours of use. As Brilens specifies the brightness of the projector in lumens, we have calculated an approximate ansi-lumen value in this case. An image width of up to 132 cm is possible, as the projector has 168 Ansi lumens. However, if there is room light, the picture should be a maximum of 88 cm wide. Playing 1080P and 3D is also no problem for the projector. The projector is very quiet compared to others with an operating noise of 30 decibels.

- Real Full HD 3D
- Full HD 1080P compatible
- Eco Mode
- Automatic and manual vertical keystone correction
- Kensington Slot
- Wi-Fi network compatible.
- Android 4.4
- Built in bluetooth 4.0
- Quad-core CARM Cortex A7,1.5GHz Frequency
- 1GB DDR3
- 8GB Flash

Status 2017 Current model // Last update of the data: 2024-10-02
