

Byintek Cloud K201

BYINTEK CLOUD K201

The Byintek Cloud K201 LCD projector has 3500 Ansi lumens, a contrast of 20000:1 and an XGA 1024 x 768 resolution. The lamp of the projector is specified with a lamp life of 10000 hours, which is over 13.7 years with a daily viewing time of 2 hours. The integrated lens shift gives freedom when positioning the projector. Thanks to the brightness of 3500 Ansi lumens, an image width of 515 cm is possible. The projector can also handle slightly brighter rooms with a smaller image width (we recommend a maximum of 343 cm). If the image is still too small, the integrated edge blending software can help to project a larger image with additional projectors. Furthermore, the projector can play 1080P without any problems.

3 x 0,63" LCD TFT Panel
