

Byintek X25

BYINTEK X25

The Byintek X25 3D LED LCD projector has 900 Ansi lumens, a contrast of 10000:1 and an HDTV 1920 x 1080 resolution. The manufacturer specifies an LED service life of 100,000 hours, which is over 68.5 years with a daily viewing time of 4 hours. The integrated media player can play files directly. Horizontal and vertical keystone correction makes picture adjustment childs play. The projector can illuminate images up to 305 cm wide thanks to its 900 Ansi lumens. In room lighting, however, the image width should ideally be less than 203 cm. Thanks to the built-in 15600mAh battery, no power supply is required, allowing the projector to be set up quickly and flexibly. As the projector recognizes screen mirroring signals, it is possible to play videos with a high resolution and surround sound directly from a smartphone, tablet, PC (Android, Windows and iOS) via WLAN. The model is also compatible with Full HD 1080P and 4K (compressed). At just 28 decibels, the device is one of the quieter projectors.
