The XJ A255/V Laser DLP has 3000 Ansi-Lumen, a contrast of 1800:1 and a WXGA 1280 x 800 resolution. Due to the laser, the projector is specified with 20000 hours of light life, which converts to over 13.7 years at 4 hours per day. The projector can illuminate an image width of up to 556 cm well thanks to the 3000 Ansi lumens. In room lighting, however, the image width should ideally be less than 371 cm. This model is no longer offered by Casio.
