

Casio XJ H2650

CASIO XJ H2650

Brief Introduction

Beta 2.5

A brief introduction to the XJ H2650: The Casio 3D laser DLP projector offers 3500 Ansi lumens, a contrast of 1400:1 and a WXGA 1280 x 800 resolution. The manufacturer Casio specifies a service life of 20000 hours, which is over 13.7 years with a daily viewing time of 4 hours. Includes an integrated media player, which can be used to play files directly. Thanks to the brightness of 3500 Ansi lumens, a picture width of 601 cm is possible. The projector will also create slightly brighter rooms with a smaller image width (we recommend max. 401 cm). Furthermore, the projector can play 1080P without any problems. It was launched in 2012 and is no longer offered by the manufacturer Casio.
