

Casio XJ UT310WN

CASIO XJ UT310WN

Brief Introduction

Beta 2.5

A brief introduction to the Casio XJ UT310WN. The DLP laser projector has a WXGA 1280 x 800 resolution and a contrast of 1800:1. The service life is 20000 hours due to the laser, which is over 13.7 years if enjoyed for four hours a day. The projector is equipped with an integrated media player, so direct playback of files will not be a problem. Thanks to the short-throw projection ratio of just 0.28:1, the projector is also not distracting in the room. For a 2m wide image, the projector only needs to be 56 cm away from the screen. The projector is equipped with a microphone jack plug and 16W speakers, so no additional speakers are required for presentations or training sessions. The projector was launched in 2014 and is no longer sold by the manufacturer.
