

Casio XJ-UT312WN

CASIO XJ-UT312WN

A brief introduction to the XJ-UT312WN: The Casio short-throw laser DLP projector offers 3100 Ansi lumens, a contrast of 20000:1 and a WXGA 1280 x 800 resolution. The manufacturer specifies a laser service life of 20000 hours, which is over 13.7 years if enjoyed for four hours a day. A built-in horizontal and vertical keystone correction provides freedom when positioning the projector. As it is a short-throw projector, the projector can be placed very close to the wall. For a 2 m wide image, the projector only needs to be 56 cm away from the screen. The model offers a microphone jack plug and 16W speakers, so no additional audio equipment is required for presentations or training courses. The model is also Full HD 1080P compatible. The model built in 2019 is no longer offered by Casio.

Brief Introduction Beta 2.5

Display Type

1 x 0,65" DLP Chip
