

Christie D12HD-H

CHRISTIE D12HD-H

A brief introduction to the D12HD-H: the Christie large venue 3D DLP projector offers 10,000 ANSI lumens, 1200:1 full on/off contrast and HDTV 1920 x 1080 resolution. The built-in lens shift function provides freedom when adjusting the projection. 10,000 ANSI lumens ensure that an image width of 1016 cm is also possible. The projector can handle rooms with low light with a smaller image width; we would recommend a maximum of 677 cm. Furthermore, it is Full HD 1080P and 3D compatible, and can therefore project Blu-rays even onto the ceiling using 360° projection. The projector was launched in 2015 and is no longer sold by the manufacturer, but it is still one of the most popular projectors.
