

Christie DS+26

CHRISTIE DS+26

The Christie DS+26 standard portable DLP projector has 2500 Ansi lumens, a contrast of 2500:1 and an SXGA+ 1400 x 1050 resolution. The built-in lens shift and keystone correction function provides freedom when setting up. 2500 Ansi lumens ensure that a picture width of 435 cm is also possible. However, if room light is available, the picture should be a maximum of 290 cm wide. The operating noise of just 28 decibels makes the projection quiet. On the market since 2006, the model is no longer offered by the manufacturer Christie.
