

Christie DS+6K

The Christie DS+6K stationary DLP projector has 6000 Ansi lumens, a contrast of 1300:1 and an SXGA+ 1400 x 1050 resolution. Including a lens shift function, which provides freedom during installation. 675 cm image width, the projector will be able to illuminate well. Rooms with residual light can be created by the projector with a smaller image width, we recommend a maximum of 450 cm. If the image is still too small, the integrated edge blending software can help to project a large image with additional projectors. On the market since 2004, this model is no longer offered by the manufacturer Christie.

Brief Introduction

Beta 2.5

Display Type

3 x 0,95" DC2 DLP Chip
SXGA 4/3 Ti Digital Light Processing Chip
