

Christie DWU630-GS

CHRISTIE DWU630-GS

A brief introduction to the DWU630-GS: The Christie stationary 3D laser DLP projector offers 6000 Ansi lumens, a contrast of 4000000:1 and a WUXGA 1920 x 1200 resolution. Due to the laser, the projector is specified with 20000 hours of light life, which is over 13.7 years if enjoyed for four hours a day. Includes a lens shift function, which provides freedom during installation. An image width of up to 787 cm is possible as the projector has 6000 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 525 cm. Playing 1080P and 3D is also no problem for the projector.

1 x 0,67" DLP Chip
WUXGA 16/9 Ti Digital Light Processing Chip
