

Christie DWU675 E

CHRISTIE DWU675 E

Brief Introduction

Beta 2.5

A brief introduction to the DWU675 E: The Christie stationary DLP projector offers 6100 Ansi lumens, a contrast of 5000:1 and a WUXGA 1920 x 1200 resolution. The built-in lens shift function provides freedom when setting up. A picture width of up to 794 cm is possible, if the picture width is smaller (we recommend max. 529 cm), rooms with residual light are also no problem. In the event that the image is still too small, the projector offers integrated edge blending software, with which several projectors can project a large image together. Playing 1080P is also no problem for the projector. Even projection onto the ceiling is possible thanks to the 360° projection. The projector was launched in 2012 and is no longer sold by the manufacturer.

Display Type

1 x 0,67" DLP Chip
WUXGA 16/9 Ti Digital Light Processing Chip

Ansi-Lumen

6100 / 2750 im Eco Mode

2711 Lux (bei 200 cm Screen)
