

Christie LWU650-APS

CHRISTIE LWU650-APS

The stationary LWU650-APS laser LCD projector from Christie has 6000 Ansi lumens, a contrast of 3000000:1 and a WUXGA 1920 x 1200 resolution. The manufacturer specifies a laser life of 20000 hours, which is over 13.7 years with a daily viewing time of 4 hours. The integrated lens shift gives freedom when positioning the projector. 6000 Ansi lumens ensure that a picture width of 787 cm is also possible. The projector manages rooms with residual light with a smaller image width, we recommend a maximum of 525 cm. Playing 1080P is also no problem for the projector, and it even has the option of projecting HD 1080P Blu-rays onto the ceiling thanks to 360° projection. This model is no longer offered by Christie.

3 x 0,64" LCD TFT Panel
