## Weight

A brief introduction to the CR80SPL: The Chuangrong standard portable LCD projector offers 192 Ansi lumens, a contrast of 450:1 and an SVGA 800 x 600 resolution. As Chuangrong specifies the brightness of the projector in lumens, we have calculated an approximate Ansi lumen value in this case. An image width of up to 121 cm is possible, as the projector has 192 Ansi lumens. However, if room light is available, the picture should be max. 81 cm wide. It is no longer offered by the manufacturer Chuangrong.
