

CineVersum BlackWing Three

BLACK WING THREE
CineVERSUM

Brief Introduction

Beta 2.5

The BlackWing Three DILA has 900 Ansi-Lumen, a contrast of 30000:1 and a HDTV 1920 x 1080 resolution. The built-in lens shift function provides freedom when setting up. A picture width of up to 305 cm is possible. However, the picture should be smaller in room light. We recommend a maximum of 203 cm. It is also Full HD 1080P compatible. The operating noise of just 21 decibels makes the projection quiet. The model built in 2008 is no longer offered by CineVersum.
