The Micro-Portabel A40 LED LCD has 500 Ansi-Lumen, a contrast of 10000:1 and an HDTV 1280 x 720 resolution. The lifespan of the LEDs is 30000 hours, which is equivalent to over 20.5 years at 4 hours per day. The horizontal and vertical keystone correction allows the projector to be positioned very freely. 500 Ansi lumens ensure that a picture width of 227 cm is also possible. However, if room light is available, the picture should be a maximum of 151 cm wide. As the projector recognizes Airplay, Miracast Screen Mirroring signals, it is possible to play videos with a high resolution and surround sound directly from a smartphone, tablet, PC (Android, Windows and iOS) via WLAN. Another extra is that the Bluetooth function allows the projector to be connected to external wireless speakers. The model is also compatible with Full HD 1080P and 4K (compressed).
