

Delgeo I20

DELGEO I20

The Delgeo I20 LED LCD projector has 600 Ansi-Lumen, a contrast of 15000:1 and a HDTV 1920 x 1080 resolution. It is an LED projector with 30000 hours of light life, which is over 20.5 years with a daily viewing of 4 hours. Horizontal and vertical keystone correction makes picture adjustment childs play. A picture width of up to 249 cm is possible. However, the picture should be smaller in room light. We recommend max. 166 cm. The model recognizes Airplay, Miracast Screen Mirroring signals, so it is possible to play videos with high resolution and surround sound directly via WLAN from a smartphone, tablet or PC (Android, Windows and iOS). In addition, the Bluetooth option is a useful addition to the projector, especially for wireless audio transmission. Playback of 1080P and 4K (compressed) is also no problem for the projector.
