

Digital Projection HIGHlite Cine 335 3D HC

A brief introduction to the HIGHlite Cine 335 3D HC: The Digital Projection 3D DLP projector offers 3000 Ansi-Lumen, a contrast of 20000:1 and a HDTV 1920 x 1080 resolution. The built-in lens shift function provides freedom when setting up. The projector can illuminate an image width of up to 556 cm thanks to the 3000 Ansi lumens. In room lighting, however, the picture width should ideally be less than 371 cm. The model is also Full HD 1080P and 3D compatible. The model, built in 2014, is no longer offered by Digital Projection, but is still very popular in our projector database.
